# GENERAL

## INFORMATION

For more than 60 years University "Prof. Dr. Assen Zlatarov" - Burgas, as a national institution of higher education, maintains an applied approach to education and scientific research, in response to the scientific, industrial, chemical, pedagogical and medical requirements for the development of the country with the highest priority in the Southeast region of Bulgaria

University "Prof. Dr. Assen Zlatarov" - Burgas has accreditation for training students in 18 professional fields, which favors the execution of a cooperation agreement in a wide range of scientific and educational fields. Some of the most common professional fields that our University specializes in educating students are modern technologies, medicine, healthcare, chemistry, green technologies, pedagogy, tourism, transport, electronics and many other engineering and technological specialties."

# The city of Burgas

Burgas is the biggest and the most important economic, administrative and cultural centre in the Southern part of the Bulgarian Black Sea coast. It is the second largest Black sea town in Bulgaria after Varna and it is the fourth largest town of Bulgaria with population of 229 740 inhabitants.

The climate is temperate continental with strong sea influence. Summer is usually pleasant and fresh due to the constant breeze.

The average day summer temperatures are 26.4 C°, and those of the sea water - 24,7 C°. The number of the sunny days in summer varies between 24 and 27 monthly, with averagely 10-11 hours daily sunshine. Winter is mild and almost without snow. During winter the average air temperature is 4,6 C°, and that of the water - 7,4 C°. Due to the influence of the sea the autumn is long and rather warm, warmer than that in the other inner parts of Bulgaria but spring is cold and comes a month later.

Education at the University is carried out in five faculties. It comprises three colleges and two departments

<b>Faculty of Technical Sciences</b>	<b>Faculty of Natural Sciences</b>	<b>Faculty of Social Sciences</b>
<b>Faculty of Public Health and Health Care</b>	<b>Faculty of Medicine</b>	<b>Technical College</b>
<b>Medical College</b>	<b>College of Tourism</b>	<b>Department of Language Teaching and Preparatory Studies</b>
<b>SCIENTIFIC RESEARCH INSTITUTE</b>	<b>Department of Qualification and Professional Development of Teaching Professionals</b>	

# How to reach the University

## By air

You can come to Sofia by air and from there by bus, by train, by plane or you can reach Burgas by a direct flight. The airport of Burgas is situated in Sarafovo, a neighborhood of Burgas, 10 kilometers from the centre of the town. It is the second largest airport of the country, after Sofia airport, and throughout the year planes from the country and abroad land and take off. The flight from Sofia to Burgas takes 40 minutes. You can catch bus -No15 from the airport which is near Burgas or a taxi which will cost 6-7 euro. The University is located at the entrance of the town along the central road to Sofia.

## By train or by bus

From Sofia to Burgas you can travel by train or by bus. The trip takes 6-7 hours. Buses belonging to various transport companies are available at every hour and there are 4 trains to Burgas within 24 hours.
