## 2. Preparation of the Learning Agreement

**NOTE (1):** Although Wroclaw University of Economics and Business prepares twice as many course slots as needed for all international students, **we do not guarantee a place in all courses included in the initial Learning Agreement**, also due to possible time clashes when courses from various types of offers, programmes, study levels and years are selected. Moreover, the University **reserves the right to amend** its educational offer after its publication.

**NOTE (2):** Wroclaw University of Economics and Business expects exchange students to **consult their study programmes with coordinators at Sending Institutions**. We do not **acknowledge responsibility for mistakes in formulating the Learning Agreement**, in particular, including courses not listed in the current academic offer of WUEB (using wrong course names or codes, selecting courses from wrong semesters) or attributing the wrong number of ECTS points to a course.

**NOTE (3):** Wroclaw University of Economics and Business insists on **preparing the Learning Agreement in one format only**, preferably the **Online Learning Agreement using the Erasmus Without Paper platform** or the **Learning Agreement generated in the IRK registration system** administered by the University. We refrain from signing the Learning Agreement or similar documents if they are not available entirely in English.

**NOTE (4):** The Learning Agreements **will be accepted only if they include** the **student's data**, the **List of Courses** selected to study at Wroclaw University of Economics and Business with their **Course codes** and **ECTS points**, **signatures of a Student and a Coordinator** at the Sending Institution.

- Exchange students are allowed to build the study programme according to the following rules:
  - The programme should include a **minimum of 20 ECTS** and a **maximum of 35 ECTS** in each semester (37 ECTS in case a Polish language course is attended)
  - The programme may consist of subjects from various types of offers, programmes, study levels and years, provided that a coordinator of a home institution accepts them
  - The programme does not include courses which overlap, foreign languages (other than Polish), bachelor/master seminars, sports classes
- The **actual course enrolment** is organised two/three weeks before a semester starts
  - If an exchange student cannot enrol on a course included in their initial Learning Agreement, they will be offered a possibility to select other courses available in the offer with free places
- Each student is entitled to introduce changes to the study programme within **the first two weeks of the semester**
- **After the two-week period**, the following rules apply:
  - It is not allowed to be unenrolled from the course which starts in T1, only those which start in T2, and not later than a week before T2 starts
  - It is not allowed to be enrolled on a course which starts in T1, only those which start in T2, and not later than a week before T2 starts
  - It is not allowed to reduce the number of credits below 20 ECTS or exceed the maximum of 35 credits in one semester (37 ECTS with Polish)
  - In exceptional situations, and **only on the request of coordinators of home universities send via email** to the Academic Coordinator of WUEB, other changes may be approved
- The documents accepting changes during mobility will be **signed within the first month** of the mobility

### 3. Types of courses and classes

- Regular BA/MA programmes in English
  - including the following study fields: Business Informatics (BA), Business Management (BA/MA), Finance (BA/MA), International Business (BA/MA) and Management Accounting (BA)
  - always in offer
  - attended by regular (not only Polish) students and exchange students
  - may consist of separate class formats: lectures, tutorials, computer labs and be split into groups
  - may be concluded with PASS or EXAMS (in the examination session)
  - schedule can be found here: <https://plan.ue.wroc.pl/index.php?l=en> (the one for 2025/26 will not reflect that of 2024/25)
  - syllabi: <https://ue.e-sylabus.pl/ForStudents> (switch to English by pressing EN button)
- Courses in English within the programmes instructed in Polish
  - offered within various study fields
  - always in offer
  - attended by regular Polish students and exchange students
  - consist of lectures only (with few exceptions)
  - are concluded with a PASS
  - schedules and syllabi are available via the same links as the Regular BA/MA programmes in English
- Courses dedicated to exchange students
  - attended only by the exchange students
  - opened, if minimum 12 students select them. The number places is limited to 30/32 per course.
  - more flexible timetables and class formats
  - not divided into class groups
  - concluded with a PASS (assignment or test before the examination session)
  - schedule and syllabi are distributed directly to exchange students

### 4. Participation in classes

- The courses selected by exchange students **must not overlap**. It is essential to consider that selecting courses from various types of offers, programmes, study levels and years **may lead to time clashes**. Therefore, it is **suggested to consider replacement options** with the home coordinators.
- Class **participation** (in **tutorials** and **computer labs**) **is mandatory**, and in **lectures** recommended. The following rules apply:
  - Students have the right to justify their absence due to health problems if a sick leave is presented
  - Taking part in activities outside the University (e.g. travelling, working, etc.) is not considered a justified absence
  - If students fail to attend the classes multiple times (3 or more), they may receive a 2,0 (failed) grade without a possibility to resit the course

### 5. Forms of assignments

- During the semester (ordinary grades/points)

- course instructors may freely decide the grading formats,
- they include, e.g., control work (problems to solve, tests), individual or group projects, in-class activity etc.
- End of the semester (so-called PASS)
  - should be organised at the end of the semester (before the examination session)
  - have a form of multiple-choice or open tests, a set of problems to solve
  - the course instructor may resign from that format and calculate the final PASS grade based on during-the-semester grades/points
- During the examination session (so-called EXAMS)
  - are organised after the semester
  - will usually have the form of 'big exams' with multiple problems to be solved
  - require to obtain PASS in all class forms (in particular tutorials and labs) before taking the EXAM

## 6. Grading system

- All courses at WUEB are concluded with grades awarded as in Table 1
- The final positive grade is obtained when all class formats (lecture, tutorials, labs) are concluded with a positive grade
- The final grade is calculated as a weighted average of class grades (using the scale as in Table 2):
  - Lecture (50%) + Tutorials OR Labs (50%)
  - Lecture (50%) + Tutorials (25%) AND Labs (25%)
- All **failed grades** (and only failed grades) may be improved in **one RESIT take**, in the same semester take, **immediately after the main exam session**
  - if a student fails to obtain a PASS, the final EXAM counts as RESIT (only one take, instead of two)

Table 1

Score required	Grade WUEB	Grade ECTS
0-49,9%	2,0 (failed)	F
50-59,9%	3,0 (satisfactory)	E

Table 2

## 7. The organisation of the academic year

- The academic year is divided into two semesters (winter/summer), each consisting of 16 class weeks
- Each semester is divided into two sub-semesters (T1/T2). Some courses expand over one sub-semester (T1/T2), some over both (T1+T2 = N)

- Winter semester
  - class schedule: published in the first week of September
  - class start/finish: the beginning of October / the first week of February
  - examination session: the second week of February until the end of the third week of February
- Summer semester
  - class schedule: published in the first week of February
  - class start/finish: the last week of February / the third week of June
  - examination session: the last week of June and the first week of July

## 8. Level of English

- Wroclaw University of Economics and Business expects exchange students to represent a sound level of English (B2), which should be confirmed in an official language certificate or any document provided by Partner Universities.

### Why should you choose a Polish language course while studying at Wroclaw University of Economics and Business?

- The Market Square, beautiful architecture, lots of green areas, an amazing number of stylish restaurants and cafes and lots of cool places – all this in Wroclaw! In your Polish classes, in addition to learning the Polish language, you'll learn interesting facts about Wroclaw and places worth noticing and seeing.
- Polish is the third largest Slavic language in the world. Compared to Russian or Ukrainian, the language is much easier to learn because it uses the same Latin letters as English, unlike the Cyrillic alphabet. The pronunciation of Polish also becomes easier because of this. Knowing Polish can help you learn other Slavic languages such as: Czech, Slovak, Serbian, Ukrainian or Russian.
- The Polish language is used by more than 58 million people, also you can speak Polish outside of Poland. A lot of people have emigrated from Poland. If you speak Polish, you can join a huge group of people in the United States. Polish communities tend to stick together. You can find Polish food stores and listen to Polish radio stations in the United States.
- By learning Polish, you give yourself the opportunity to learn about wonderful literature. You can read the works of Polish Nobel Prize winners like Wisława Szymborska and Olga Tokarczuk.
