

## The LAP Taster Workshop

On September 19, 2018 the LAP Unit presented a half-day workshop. It covered an overview of the Learning Advisory Program and detailed information for all the instructors about the upcoming AYBU LAP Advisor Education Program. During the workshop, the field of Learning Advising and how it came into existence was explained; the differences between teaching and advising were highlighted and fundamentals of advising were introduced. The interested instructors enjoyed the hands-on implementations of the advising strategies.
