Academic Information

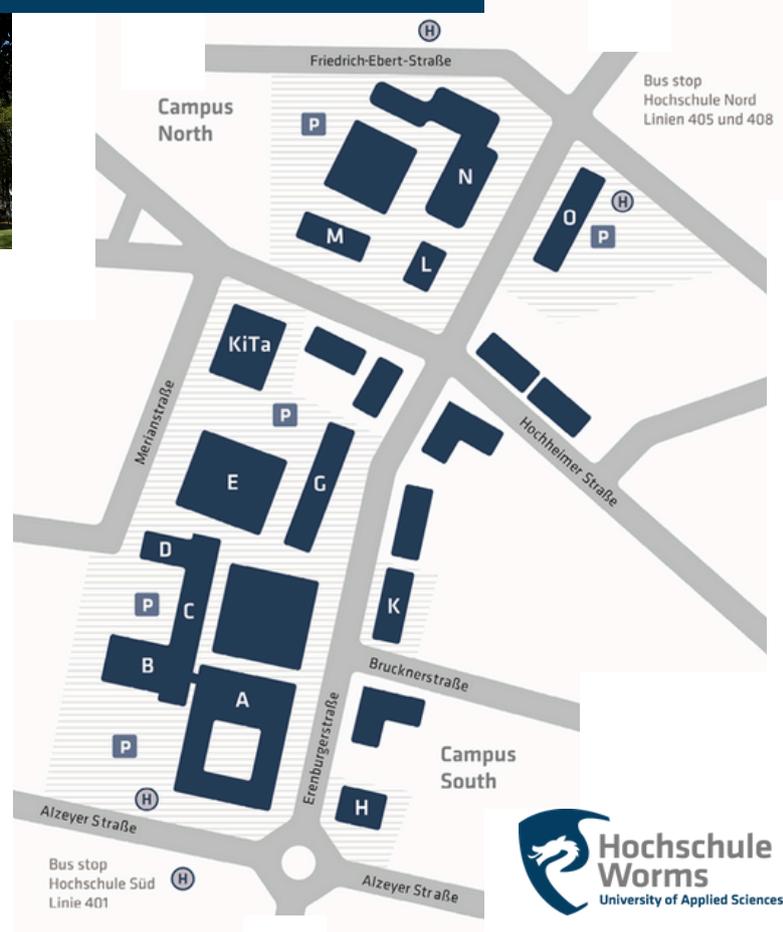

- Faculties: Computer Science, Business Management, Tourism & Travel Management
- Exchange students are free to choose courses from all faculties.
- Students need to create a timetable themselves. A Learning Agreement has to be signed in order to register for courses.

Accommodation

The International Center assists students in finding an accommodation in Worms for their exchange. We act as an intermediary between students and landlords. Currently, we can mostly offer accommodation in shared flats, but also apartments in dormitories. Rooms are furnished and located close to the campus.

Orientation Weeks

The orientation program enables students to integrate rapidly into the campus and social life in Worms. Participation in this event is a mandatory first step in their studies. We also offer a 3-day excursion to Berlin.

Visa & Residence Permit

Depending on the citizenship, students might need a visa to study in Germany. Students should inform themselves in time about the exact requirements at a German embassy or consulate, as it is a time-consuming process. Students with a valid passport from Australia, Israel, Japan, Canada, New Zealand, South Korea or the USA, can enter Germany without a visa and apply for a residence permit at the foreigners' office in Worms.

Living in Worms

Welcome to one of the oldest cities in Germany! Worms has a lot to offer - with a rich history stretching back to the 5th century A.D., the natural beauty of the surrounding Odenwald forest and mountainous Pfalz regions, Worms is a beautiful place to call home. Located favourably between the metropolitan areas Rhine-Main and Rhine-Neckar, cities like Frankfurt, Mannheim and Heidelberg are within close reach.
