

Ph.D. Students should pay attention to their course selection and their stages;

1-) Doctorate Programs are programs consisting of 6 (six) years and 12 (twelve) terms in total.

*Those who cannot complete the first stage, the course stage, within two years (four semesters) (7 COURSES, 1 SCIENTIFIC RESEARCH)

COURSE and 1 SEMINAR COURSE) (8 lessons + 1 seminar) students are dismissed. (Scientific Research related course

It is enough to take it once in training. If a master's degree is also taken, the Institute must be notified by attaching a transcript to the petition).

*The second stage qualification stage is the 5th and 6th semesters. Students who complete their courses before these periods take the proficiency exam.

they can enter. The right to take the proficiency exam is 2 (two) times. In case of failure of the student who took the first proficiency exam, the other

Must take the qualifying exam of the semester. A student who fails in both will be dismissed. Being in the 5th and 6th semesters and taking the exam

Students who do not take the exam are considered unsuccessful and dismissed.

*Students who pass the proficiency exam at the thesis stage, which is the third stage, will be contacted by TİK (Thesis Monitoring Committee) within 1 (one) month.

must inform the institute by forming its members. The Thesis Proposal Defense must be submitted to the institute within 6 (six) months.

By holding a Thesis Evaluation meeting in front of TİK members between January-June and July-December until graduation.

must submit their documents to the institute. At least 3 successful Thesis Evaluations must be made until graduation. Thesis

The student who fails the evaluation 2 (two) times in a row or 3 (three) times at intervals is dismissed.

2-) Students who are in the course stage can choose a maximum of 5 courses in a semester, excluding SPECIALIZATION FIELD COURSE and SEMINAR COURSE.

(Course phase must be completed in at least 2 (two) and at most 4 (four) semesters). Those who could not complete the course phase in 4 (four) semesters (8

course + 1 seminar) registrations of our students are deleted.

3-) SPECIALIZATION FIELD COURSE is a compulsory course. It must be selected each semester until graduation. Specialization course (8 lessons +

1 seminar) is not included. Course selection should be made according to this situation.

4-) Students who will pass to the proficiency stage will take 7 COURSES, 1 SCIENTIFIC RESEARCH COURSE and 1 SEMINAR COURSE (8 lectures + 1 seminar)

must have completed. Specialization course (8 lectures + 1 seminar) is not included. Course selection should be made according to this situation.

(It is enough to take the course on Scientific Research once in graduate education. If you have taken a master's degree, you can apply to the Institute.

should be reported by attaching the transcript).

5-) SPECIALIZATION FIELD COURSE and DOCTORAL PROFICIENCY

STUDY COURSE must be chosen.

6-) All our students who successfully complete the Doctoral Qualifying Exam and move on to the thesis stage are required to complete the course registration process.

SPECIALIZATION COURSE, THESIS PROPOSAL STUDY COURSE and THESIS STUDY must be elective.

7-) All of our students who are successful in the Doctoral Qualifying Exam will receive the "THESIS MONITORING" within 1 (one) month in accordance with our regulation.

COMMITTEE" and they must make "THESIS PROPOSAL DEFENSE" within 6 (six) months. "Thesis in 6 (six) months"

Students who do not make the "Proposal Defense" are deemed to have been FAILED. Failed the Thesis Proposal Defense twice

Students' registrations are deleted in accordance with our Regulations. Related forms are in the FORMS section of our Institute's WEB page.

you can find.
