

2018-2019 Fall Semester Summer Practice Evaluation Rules

- Summer practice reports should be prepared according to [Mechanical Engineering Summer Practice Rules](#).
- The presentation date and time for each student are given in the file named “Summer Practice Presentation List”. Each student has to be ready for presentation in the corresponding time.
- Presentation files should be prepared in PowerPoint software in English.
- Each student will have 10 minutes for presentation and 5 minutes for questions.
- The content of the presentation should be summary of the summer practice.
- Summer practice reports will be delivered during the presentation.
- The presentation files should be sent via e-mail to relevant research assistants one day before presentation.
- The students not attending to the presentation will directly fail.
- Each student has to join to all presentations of their own groups.
- The evaluation of summer practice reports and presentations will be announced after the presentations.
- In case of any changes in schedule of the presentation time and places, it will be announced.
- The students who are not available for announced time should inform Res. Asst. Polat KURT or Res. Asst. Necati UÇAK via e-mail.
