

Dear Students

It is previously announced that “Considering the progression of the global pandemic and according to the latest decisions taken by Higher Education Council, University and Faculty Management; evaluation of your summer practices can be done by a homework paper”. It is also stated that the students who have already arranged an internship place before this announcement were allowed to do internship instead of homework.

Homework papers and **internship reports** will be sent **by an e-mail** due to the continuation of the pandemic and the start of distance education. In addition to the assignments and reports, a **presentation file** should be included in this e-mail. Presentations will be made by arranging a zoom meeting *in case of need*.

Homework papers and internship reports should be in *pdf* format. Presentations should be in *pptx(powerpoint)* format. Your mail should be sent to hyildirim@ybu.edu.tr.

Last date: 02.11.2020

Good Luck!
